

## English

Write an information leaflet on mountains, rivers and coasts.

Read this poem <https://childrens.poetryarchive.org/poem/the-river/> and <http://www.primarypoems.com/2017/07/03/river-runs-free/> Now, write your own poem about rivers (magpie ideas from the examples).

Imagine you are climbing a very tall mountain. Write a setting description remember to include a simile, preposition, fronted adverbial, 5 senses.

## Presentation

Remember you can present your work however you like.  
It can be a poster, a booklet, a powerpoint or something you have drawn/made.  
Let your imagination go wild!  
**YOU HAVE THE WHOLE HALF TERM TO WORK ON IT.**

## Music

Write a tongue twister for a mountain or a river. It can be silly and doesn't have to 'make sense' e.g The crow flew over the river, with a lump of raw liver.

## How does water get back to the sea?

## Maths

Research the length of the following rivers: Thames, Severn, Trent and Great Ouse. Compare them in a bar graph.

Practise your 2, 5, 10, 3, 4, and 8 times tables.

## Geography

Research the main rivers and mountains in the UK and present your facts on a poster.

Research and list the main rivers, mountains and coasts in the UK.

Research why erosion happens and the devastating effects it has.

## Art/DT

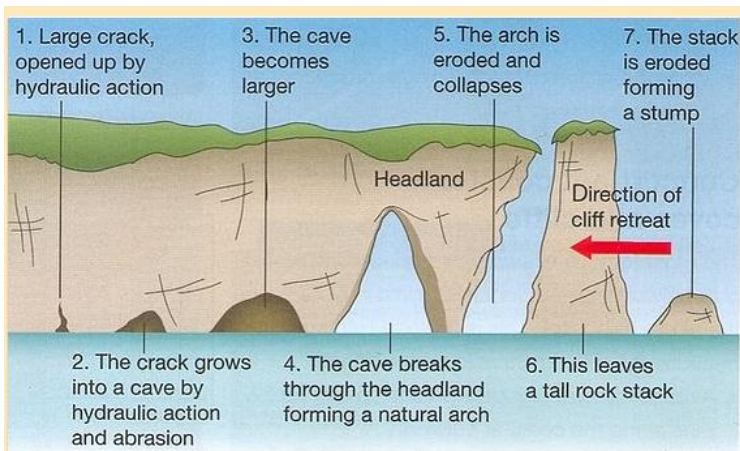

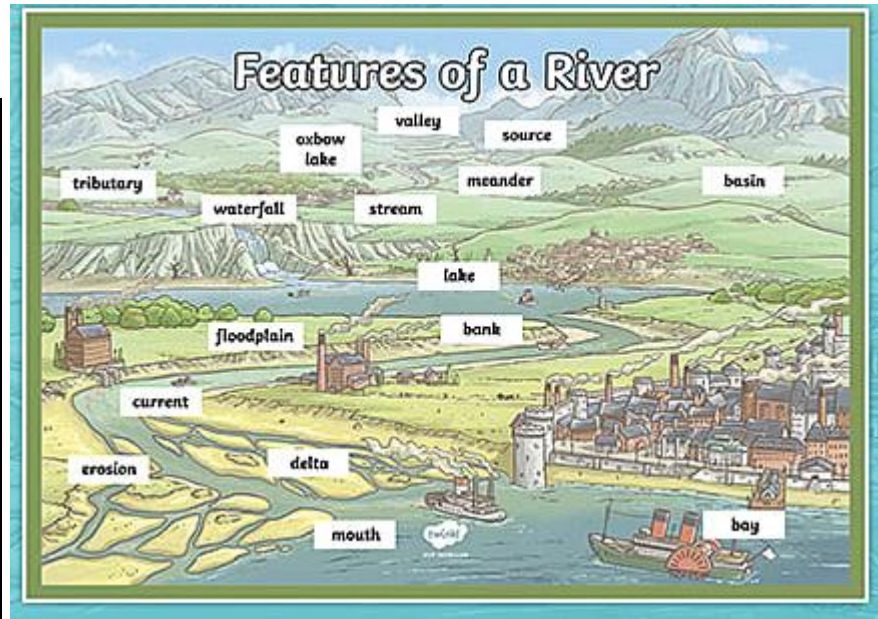

Research Vincent Van Gogh's landscape paintings and create a landscape painting of your own. (You can use other media such as crayon, chalk, pastel etc.)

Create a 3D model of a mountain using a range media of your choice e.g. papier mache, crayons, paints. Label the different parts of the mountain.

## Knowledge Organiser - Mountains, Rivers, Coasts

### Key Vocabulary

Altitude	Height measured above sea level.
Peak	The pointed top of a mountain.
Mountain Range	A series of mountains or hills ranged in a line and connected.
Valley	A low area of land between hills or mountains, typically with a river or stream flowing through it.
Channel	Where a river flows. It has a bed and two banks.
Current	The flow of water in a certain direction.
Embankments	A raised river bank to prevent flooding.
Mouth	Where a river meets the sea or lake.
	A wide, curved inlet of the sea/lake.
Landslide	The downward sliding of a large mass of earth or rock.

The **highest mountain** in the UK is the iconic Ben Nevis, standing at an impressive 1,345m tall. Ben Nevis is located in the Lochaber area of the Scottish Highlands, close to the town of Fort William.
