

Year 1S

This half term, Year 1 has been reading Juniper Jupiter - a story about a superhero! They have worked super hard coming up with their own superhero and writing a story all about their adventure to find the perfect sidekick. We have had some brilliant heroes join our class including Marvellous Mia, Lucky Lewis and Jumping Jackson! Here are some photos of what we have been up to...

This week, LKS2 were busy learning how stories can be told through illustrations only. We used the story 'The Little Christmas Tree', to design Christmas trees that could be used to retell the story of a little tree that could not wait to grow up. We use different mediums to enhance our basic sketch, pointillism, collage and then used felt to make a 3D tree.

Year 6M

Year 6 have been very busy this week. They have completed lots of Christmas activities including making books to retell the Christmas Story, create lanterns and completed some fantastic artwork based on the Art Deco period. Their art deco designs have been transferred to a clay tile and the children are looking forward to painting them in the New Year once they have dried.
