Dear Parents/Carers,

Well done for surviving week 4 of lockdown education trying to home educate in a pandemic.

Be reassured that, although we set high expectations and a lot of work each week, all I expect is for you to do your best.

Please do not let school work put extra pressure on you when you are trying to work from home and keep safe. We appreciate that everyone's circumstances are different.

Even though the majority of children are not in school, you can still keep in touch via Seesaw, e-mail or a telephone call. If you need support, we are here.

Please remember that we finish for the half term holidays on Friday 12th February hence there will be no work uploaded on Seesaw.

Stay safe and take care.

Mrs Burrows

Mrs Burrow's Challenge

Don't forget your 'Belonging' creations. We can't wait to see the results!

BIRTHDAYS (23.1.21 - 29.1.21)

Happy Birthday to:-

Colin

Skylar

Solomon

REMOTE LEARNING

Please do not worry about the amount of work that you upload on Seesaw as long as you do something - we know you are all trying your very best in extremely difficult circumstances.

Remember there are many enrichment activities you can do on your Homework overviews.

Key Stage 1 (1S,1/2I,2H)

KS1 staff are very proud of all the children in KS1 for the work they have produced in school and at home. Everyday, they have worked hard on their English and Maths activities. They have written instructions and even followed them! The children have been investigating materials as part of their Science topic; they have completed experiments and made models using different materials. We would like to thank all Parents/Carers for their continuous support in helping their children's learning.

EYFS- Reception

The children in Reception have been working very hard at home and in school. This week we have been learning the story of the Gingerbread Man! We have been learning about the different characters and retelling the story. We made masks of the characters from the story to help us with our roleplay. We have also been creating our own number lines. This week we have added the numbers 6, 7, 8, 9, 10. We would like to thank all Parents/Carers for their creativity when completing tasks and their on-going support!

Upper Key Stage 2

We are so proud of the amazing work being produced both in school and at home. We would like to thank the adults at home for their continued support. We have been very busy in Year 5. We have been multiplying and dividing in Maths and generating excellent precise verbs and adverbs in Literacy. In Science, we have been working hard on our own take on David Attenborough's 'Planet Earth' documentaries called 'Life'. The children have worked so hard on these and should be extremely proud of themselves. Here are some photos of some animal art work the children at home and in school have created. Well done!

St Elisabeth's Weekly Superstars

Class	Top Learners	Why chosen
N	William	For showing great enthusiasm and effort in all his work.
RW	Kendall	For showing a super effort with her learning.
RB	Rose	The amazing effort she has put into to completing her work and imaginative ideas!
1S	Amelia	For completing her home learning with a fantastic amount of enthusiasm and effort.
1/2I	Chloe	For so much enthusiasm and positivity during her home learning and doing lots of creative enrichment activities! Fantastic effort!
2H	Joshua	For excellent attitude towards his learning and always trying so hard.
3J	Jack	For being a superstar all week - his amazing song on plants really impressed me and showed his great understanding! Superb effort!
3/4D	Harry	Excellent effort in Maths!
4W	Evan	For superb work and effort in completing his tasks.
5J	Lola	For working hard, persevering and achieving those 'light bulb moments' in maths.
5T	Zaraa	For amazing effort in all her work!
6M	Callum	For superb effort with his Science poster on electricity.
