Dear Parents/Carers,

We have all had a lovely week in School.

It is impressive to see how many children have got involved in 'Eco-Schools' and are enjoying looking after their environment.

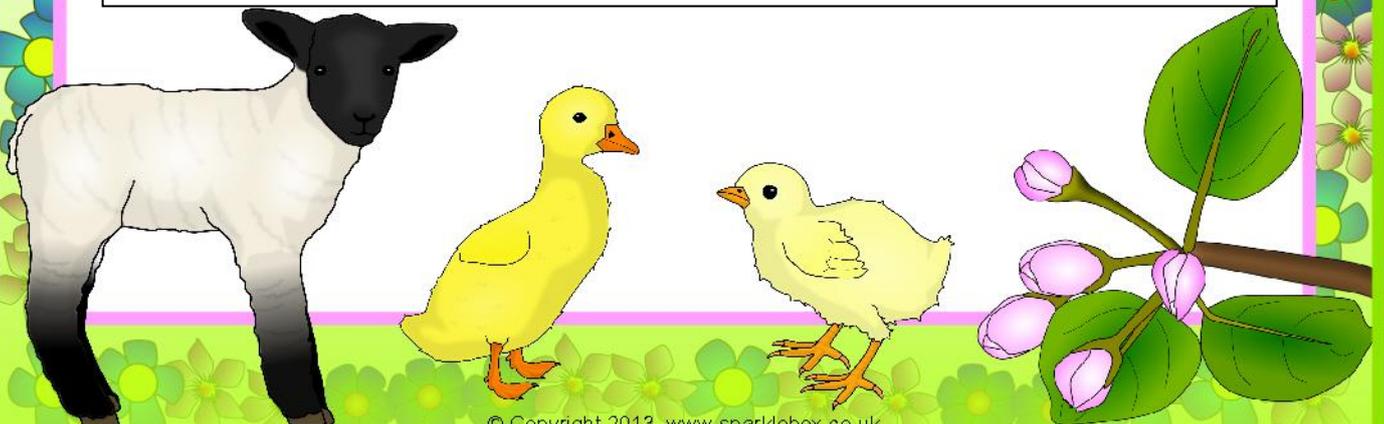

We have had a WW2 visitor in School this week; Warden Parsons, who delivered workshops to Upper Key Stage 2. The children had the opportunity to look at artefacts from WW2, including helmets, gas masks and even the machine that made the siren noise.

Next week, all the children will be involved in e-safety workshops, in which they will learn about being safe, and being kind, on line.

I hope you all have a good weekend.

Kind regards

Mrs Burrows

Reception

This week we have continued our learning of Traditional Tales. We have been retelling the story of The Three Billy Goats Gruff and Little Red. We have looked closely at the different characters in the stories. We have been busy creating wanted posters for the Big Bad Wolf and the Troll because they came to our classroom and made an awful mess!

Nursery

We are really enjoying our new topic 'Blast Off'!

Ms Baker has found lots of exciting new toys for us to play with and our imaginations are running wild.

Year 1 and 2

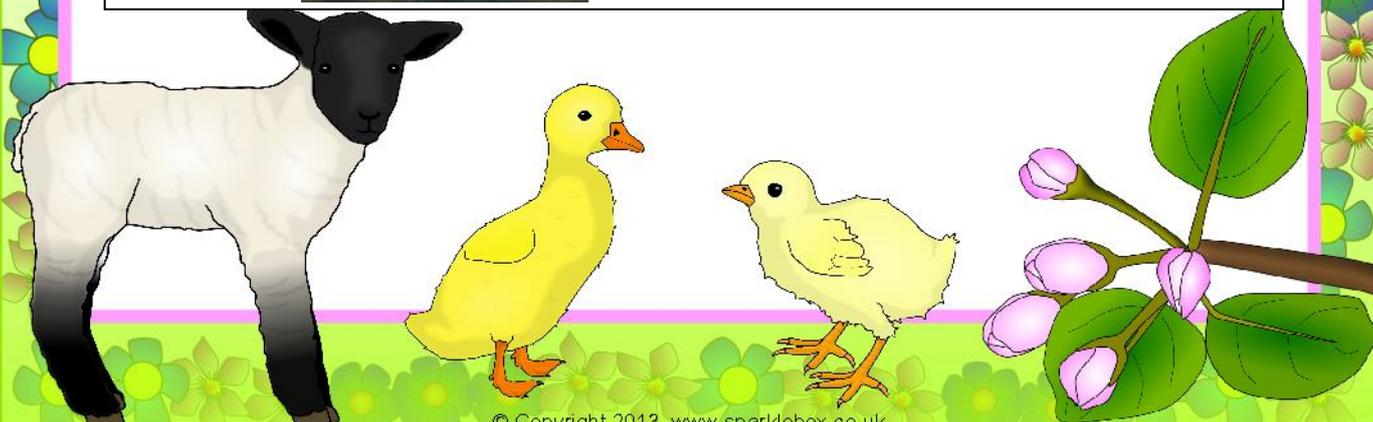

We are enjoying our new Science topic. We have been learning about the basic needs of humans and animals. We have had really interesting conversations about things that are alive, were alive and never been alive! We are looking forward to learning about different animal habitats and why animals are suited to them.

Habitats for Plants and Animals

Year 3 and 4 have started their new topics in both English and Maths. They have all shown a great attitude to learning something new in these subjects. Next week, we will be moving onto planning our own Myth and Legend stories and tapping into our wonderful imaginations. In Maths, we will be continuing our work on multiplication and division.

Year 3 have enjoyed a wonderful session at Forest School this week making the most of a dry, crisp day.

Y5, 5/6 and 6 had a fabulous day on Wednesday where they were all involved in WW2 workshops with Warden Parsons. The children had fun and learnt so much.

ECO - SCHOOLS

Ayda's Challenge - on Friday 14th January, Ayda and her Dad decided to pick up all the litter that they came across on their $\frac{1}{2}$ mile journey to School. Armed with gloves and a bin bag - a full bin bag!

Thank you Ayda and her Dad for helping to keep our environment tidy.

Remember, we can all play our part by putting litter into the bin!

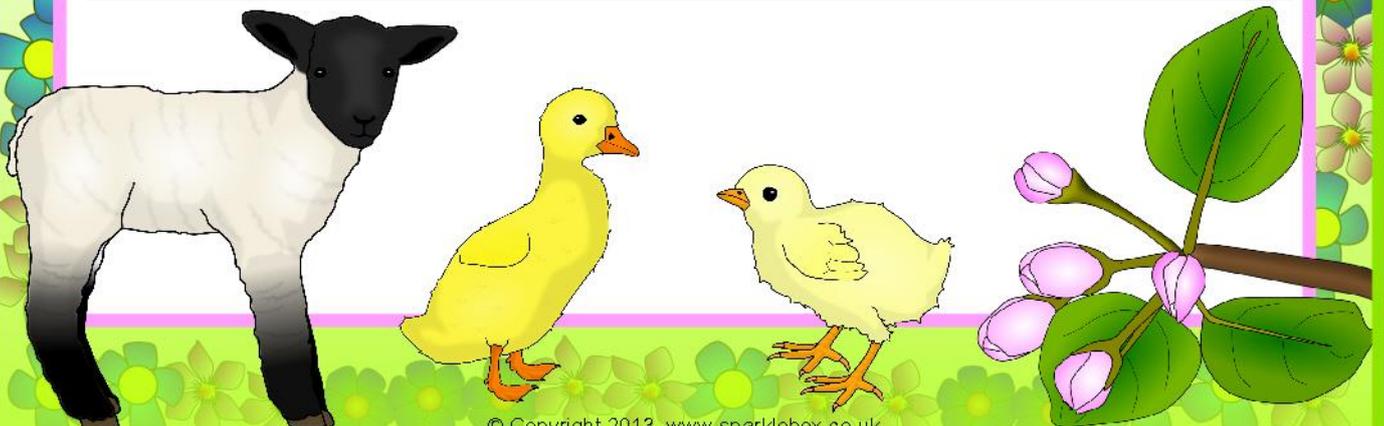

We are delighted to have held our first Eco-Schools committee meeting. We have chosen the 3 areas that we are going to work on. These are Energy, Waste and School Grounds. We will update you soon with our proposed actions.

HAPPY BIRTHDAY

Arthur
