Dear Parents/Carers,

A very interesting week in School this week, with children going out to participate in lessons at Reddish Vale, children having a great Maths day and today, our School has been overtaken with dinosaurs!!!!

All the children in Reception were all dressed up as dinosaurs to celebrate the end of IEYC unit of learning - 'Dinosaur Detectives.' There were some spectacular outfits with some parents making theirs - well done!

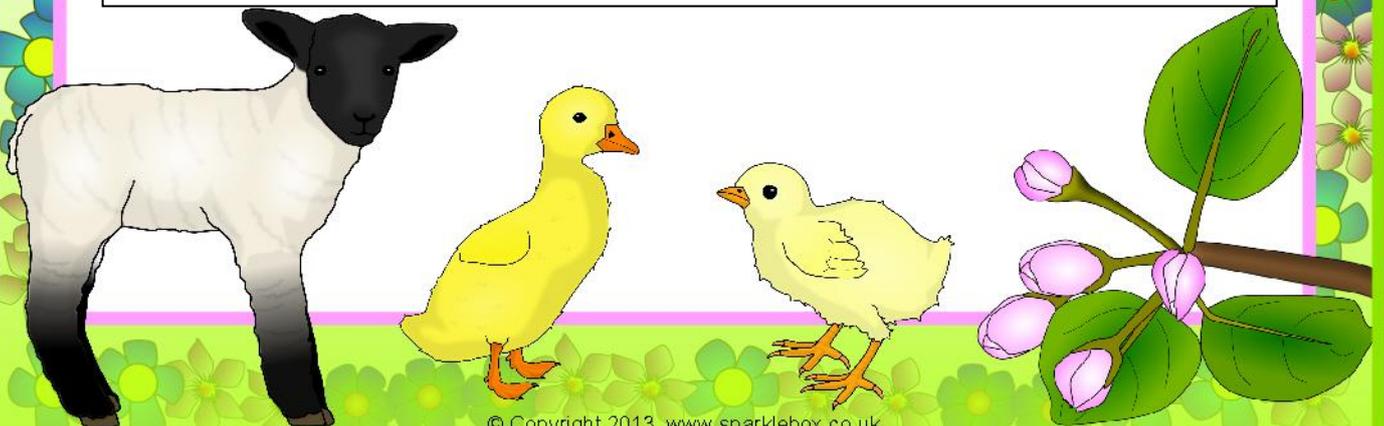

Just a reminder that we finish for Easter next Friday.

Have a great weekend in the sunshine!

Kind regards

Mrs Burrows

Reception

Reception enjoyed taking part in World Math's Day in the sunshine! We created different pictures using the 2D shapes, practiced our number recognition playing dominoes and stayed very active, hopping and jumping up and down the number line!

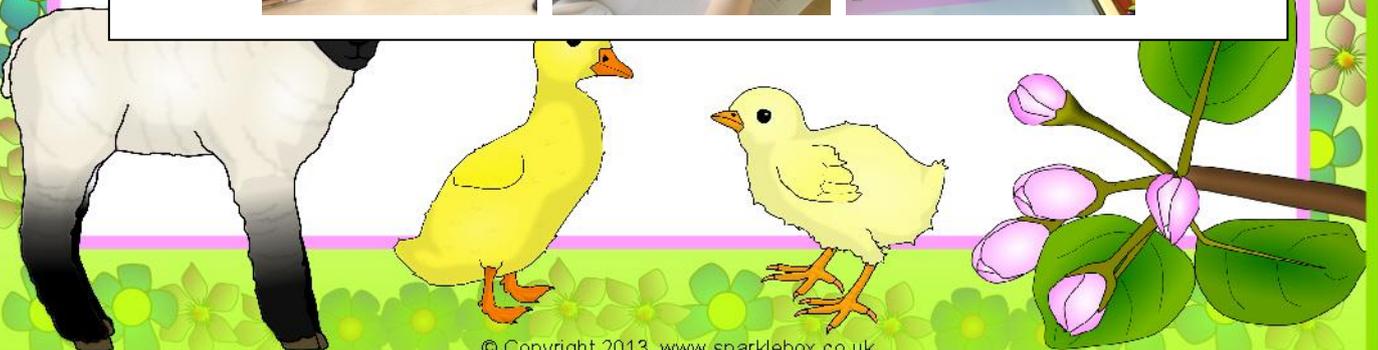

UKS2

We all went to Reddish Vale Secondary School on Wednesday to participate in a physics lesson on 'levers and pulleys'. All the children had an 'awesome' time making catapults and catapulting ping pong balls as high and as far as they could!

LKS2 celebrated Maths Day on March 23rd. They completed a range of different activities to consolidate known skills, for example playing multiplication games. During the day, they investigated drawing graphs and interpreting data. They became coordinate detectives by using the x axis then the y axis to locate and plot coordinates. The children agreed they had had '... a great, enjoyable day!' and were sad it was not happening every week.

All the children in school had a great day on Wednesday, participating in World Maths Day. They created characters using co-ordinates, learnt about ratio by using skittles and played many, many Maths games; they had lots of fun!

Eco-Schools

You should have received a letter with regards to 'Keep Britain Tidy'. We are encouraging all children in School to put up all the litter they see on their way home one day next week (Monday to Thursday). Please let us know how many pieces of litter your child collected and what the most unusual item that they found was. Please return this information to School by Friday 1st April. We look forward to sharing how much litter was collected by our School family. Thank you for all your support and for helping to look after the Local Area.

HAPPY BIRTHDAY TO
