Dear Parents/Carers,

What a lovely week back in school seeing all the children back and enjoying their learning.

They have all enjoyed their Art/DT days and have produced some fantastic work which is being displayed around school.

The weather has been wonderful and our children in Y5LC have made a great start being members of our 'Playground Squad'. Every lunchtime, they have an area of the playground to play their own games in order to encourage and teach the younger children new skills.

Let's hope the sunshine continues and you all have a good weekend.

Kind regards

Mrs Burrows

Upper Key Stage 2

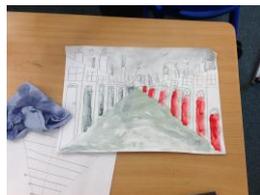

The children in UKS2 have returned to school after the Easter break with superb attitudes towards their learning. The children have enjoyed studying the artist John Dyer and his rainforest artwork- in which he focuses on animals and nature. The children explored his work and analysed this, then following his style created some sketches using art pencils and finally sketched their design onto card and painted it with paint. Their final pieces are amazing! Well done UKS2!

Lower Key Stage 2

The children in LKS2 have enjoyed learning about a famous 19th Century artist called L. S. Lowry. We have studied his artwork where he created industrial scenes with a palette of only 5 colours. We have sketched 'matchstick people' and also practised drawing and painting using perspective. The children have all worked hard and put in lots of effort in recreating this art style. Well done LKS2 for showing a wonderful attitude to your learning.

Key Stage 1

WOW! What a productive first two days we had in Key Stage 1! We have all made a habitat of our choice using different materials and different skills. We looked at one that had already been made first and evaluated it. We then Designed and made our own. Our finished habitats are amazing! We really enjoyed our DT days.

Writing Bag

From next week, all classes will be having a writing bag. This bag will contain an object (soft toy), a child writing book, a parent comment book and a pencil case filled with resources. When your child is chosen to receive the bag, they will bring it home for that night. The children can write a story about the object, a diary entry or something else linked to the object. The bag should then be returned the next day and what they have written will be shared with the rest of their class. We look forward to seeing what our children produce.

Eco - Schools

A big thank you to all the children who took part in 'Keep Britain Tidy' litter pick. We had some very usual items collected including a builder's glove, a keyring and broken headphones! Remember to always dispose of your waste in a responsible way.

It has been lovely to see the Eco-School Homework that the children have produced over the Easter holidays. We have had a 'Help our Planet' t-shirt design, a healthy menu, a daily sport routine, 'Looking after the Earth' poster to name a few. Thank you for your continued support on our Eco-School journey.

HAPPY BIRTHDAY!
