Dear Parents/Carers,

I would like to start by congratulating all our Year 6 for their amazing attitude towards the SATs this week - they all tried their very best. Well done everyone!

A big thank you to Morrisons for all the plants and compost they have kindly donated to School as part of our Eco School project.

Please may I remind you all that football must **not** be played in the playground in the mornings or afternoons. This is due to health and safety reasons as there are so many children in the playground at these times. In addition, bikes or scooters must not be ridden for the same reason. Thank you for your support in this matter.

Kind regards

Mrs Burrows

Upper Key Stage 2 - 5/6M

The Year 5 children in 5/6M have been working hard on a Theme Park project this week. They have costed the prices of building a theme park, added rides and created an informational leaflet about its features. Finally, they used spaghetti and marshmallows to create structures for the park such as roller coasters. They have thoroughly enjoyed themselves and shown that they have great team work skills.

Nursery

Continuing with our 'Ocean Treasures' theme we have been investigating all of the marvellous things sea creatures can do. We found out about sea horses and the fact that the Daddy looks after the babies, and also how pufferfish inflate when they are scared.

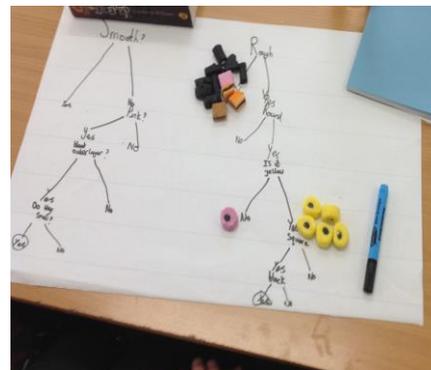

Even our counting has been supported by the sea, as we tried to feed 'Seal Six' enough fish to stop him being hungry!

Lower Key Stage 2

Following on from our Woodlice Enquiry last week, Year 3 and 4 have been considering the positives and negatives of the human impact on the natural environment as they wrote their conclusions.

We have also looked at classification of minibeasts and enjoyed creating our own branching databases using liquorice allsorts.

Reception

This terms R.E topic is special places. The children visited St Elisabeth's Church and learnt all about the different things that you would find in the Church. The children also got to watch their class cat get christened!

KS1

It has been great to see lots of enthusiasm towards reading in KS1 this week. Lots of children have shown good motivation to read more at home and there has been lots of stickers given out. Children have been excited about their reading and we already have some completed reading passports handed in. Well done KS1!! Keep up the good work 😊

HAPPY BIRTHDAY!
