Dear Parent/Carer,

What a busy week we have had in School in which the children have thoroughly enjoyed their learning.

On Friday, we held a Remembrance Service in the hall; we read the poem 'Flander's Field' and Mrs Collins played 'The Last Post' on the bugle. We discussed our WW1 Memorial and the significance of wearing a poppy. It was a very poignant occasion.

Have a lovely weekend

Best wishes

Mrs Lancashire

EYFS

This week the children have continued to enjoy reading 'Whatever Next'. Using the illustrations from the book, the children talked about what they could see and then wrote labels.

In Maths, the children have been counting up to 15 and investigating the numbers 2 and 5. We have been particularly impressed with their number formation and counting skills.

As part of Remembrance Day, the children have used their cutting and pasting skills to create poppies.

We also took part in another fire practice drill. The children were amazing!

Next week, we are celebrating our Space theme with a trip to the Moon. We hope that you can join us on Friday from 10-11am in the School hall.

Key Stage 1

Children in Year 1 and 2 have been practising their sewing and cutting skills in DT as preparation for making their own Christmas baubles! We explored how a bauble is made, looked at lots of different designs and labelled the different parts. We then practised the running stitch and drawing around a template before cutting it out!

Lower Key Stage 2

Children in Year 3 and 4 have been very enthusiastic about our art topic. We are learning all about De Vinci and his paintings. This week, we have used a guide to help us sketch the human body in proportion. Some of us were so determined to improve our sketches that we even did it during wet play! We are looking forward to developing these skills and creating our own portraits.

UKS2

In Year 5 and Year 6 we have been continuing our exploration of pastry in D&T this week. We have explored the hygiene rules of preparing food, then followed them to create our very own pastry. We have used scales to measure out our own ingredients and mixed them in our bowls. We can't wait to use our new knowledge to design and make our own pies!
