Dear Parent/Carer,

What a fabulous week in the school with the superb Christmas performances from EYFS and KS1.

In addition, KS1 enjoyed a trip to the Fireground Museum and KS2 attended Peter Pan at the Plaza. We are now looking forward to KS2's Christmas performance in Church next Thursday.

Thank you for all your donations to our Christmas Fair, thank you to all the teachers who helped and a huge thank you to the PTA for organising such a successful event yet again.

I hope you all have a lovely weekend.

Best wishes

Mrs Lancashire

### EYFS

Thank you to all the parents and carers for attending our Christmas Concert. The children thoroughly enjoyed performing to you all. We are sure that you would agree that they all did an amazing job.

The children have been busy recapping this half terms phonics as well as learning to read and write CVC words. In Maths, we have been sorting presents into size order.

The children have also been getting creative preparing Christmas delights and have thoroughly enjoyed using the characters to act out the Nativity story.

We look forward to more fun and excitement during our last week in School!

### KS1

The children in Years 1 and 2 have had an extremely busy week! They started off the week with their nativity performance of "Bethlehem's Buzzin" which we thought was fantastic! We have also visited the Fireground museum where we explored the world of firefighting and enhanced our learning of "The Great Fire of London".

### Lower Key Stage 2

This week has seen the children in Year 3 /4 and 4 finish off their Roman narratives and what a treat has been to read these stories. Year 3 have enjoyed a Poetry Workshop with Joshua Seigal and had a great time learning how to write poetry.

We have also planned our last Science investigation of the term and we are looking forward to carrying it out next week.

### ECO Schools

It's been a really busy term for our Eco Committee and we have achieved so many things already.

The Eco Committee have set up a Litter Hero Squad to deal with litter on the playground including designing new lanyard badges and investing in new equipment. We have joined a Terracycle Scheme to recycle bakery goods as well as encouraging all classes to recycle their paper.

Mrs. Batson is really proud of our Eco Committee and we look forward to the new term where we will start with our Book Swap event.

### Upper Key Stage 2

Year 6 have been thoroughly enjoying their current science topic about the human circulatory system. This week, they have looked at the effects of drugs and alcohol on the body. The children learnt that alcohol can cause damage to the brain and the liver. In addition, the children learnt that all drugs can be harmful, including medicines. At the moment, the children are testing their hypothesis that exercise increases heart rate as oxygen and nutrients are needed by all of the cells in the body.
